PACER

The AMC Pacer feels like a big car but it isn't. It's wide design translates into exceptional room, ride and comfort. Coupled with its isolated suspension and rack and pinion steering, this wide stance delivers a smooth stable ride with excellent maneuverability. Take the AMC Pacer DL Wagon shown on the cover. It likes to pamper its owners with soft, comfortable surroundings.

Standard features include individual reclining seats in Caberfae Corduroy or Sport Vinyl, woodgrain instrument panel overlay, electric clock, extra quiet insulation, plush color-keyed carpeting, newly designed door trim panels, folding rear seat back, and much more.

The new Pacer Limited Wagon offers even higher levels of appointments and convenience. Standard are genuine leather seats with corduroy accents, luxury woodgrain steering wheel and a host of power extras.

Pacer Wagon offers an unmatched combination of big car room, ride and comfort with excellent maneuverability. No other wagon looks like it because no other wagon is designed like it.

The AMC Pacer DL Hatchback is a unique, distinctive car for the discriminating buyer which offers plenty of room for people as well as cargo.

The Pacer DL Hatchback's performance is smooth and stable. It's fun to drive. Handling and maneuverability are responsive — a credit to Pacer's isolated suspension and rack & pinion steering. Pacer's unique wide body design provides spacious passenger room and stability on the highway.
